

Head Lice Treatment

Rowlands Pharmacy, Sherwood Street offer head lice treatment over the counter for free if you are exempt from prescription charges.

All you need to do is register the child(ren) using the provided registration form and bring it in to the Pharmacy.

We recommend that you use the wet combing method before using the treatments. This is done twice a week on conditioned hair using a nit-comb until no sign of lice is found after 3 consecutive checks.

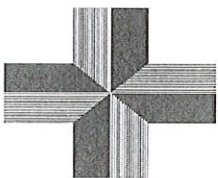

If lice infestation is still present you can receive treatment at our Pharmacy, using Pharmacy First.

Only treat those infested and check all members of the household to confirm presence of lice before treating.

Our fully trained staff can offer help and advice. Answering any questions you have on the use of the treatments.

Registration forms are also available from Rowlands Pharmacy, Sherwood Street.

Please note that this service is only available to patients of Meden Medical, Riverbank Medical and surrounding Nottinghamshire Registered Surgeries. Those that are under Shires Healthcare and other Surgeries outside of Nottinghamshire are unable to register.
